09 Childcare practice procedures

09.10 Prime times – Sleep and rest time

Sleep and rest times are key times in the day for being close and promoting security. Younger children will need to sleep but older children do not usually need to. No child is made to sleep.

During the Covid-19 outbreak every effort is made to place sleeping mats at least two metres apart.

Young children

- Young children sleep on rest mats and have their own personalised bedding.
- Young children each have a place to put their clothes and shoes in, and in which they keep any special toy, book, or comforter that they need for sleep.
- Nappies are changed and heavier clothing is removed.
- Hair accessories with parts that may come lose or detached and pose a choking hazard are removed before sleep/rest time.
- A separate area of the room is made as quiet as possible, perhaps with some soft music playing.
- Young children are settled by their key person. They are soothed to sleep. Key persons may stroke or very gently pat children.
- Sleeping children are supervised within sight and/or hearing of staff at all times.
